

ONE WAY DISC HARROW

FEATURES

The Fieldking One Way disc harrow/plough is designed to work in all types of soil for basic functions such as soil breaking, soil raising, soil turning and soil mixing. It is especially useful in hard and dry, trashy conditions and in soils where souring is a major problem. The extra heavy-duty frame has excellent clearance allowing the plough to operate under heavy crop residue.

Model	FPDH6	FPDH7	FPDH8	FPDH9	FPDH10
Frame (mm)	95 X 125 X 8 T (RECTANGLE TUBULAR FRAME)
